Un cuore ricco di
storia, per un futuro
fatto di valori

Ci sono realtà aziendali che non hanno bisogno di lunghe presentazioni, un privilegio che accomuna le grandi imprese multinazionali alle aziende di cultura artigiana. Le prime investono quantità colossali di denaro per conseguire notorietà globale, le seconde concentrano invece ogni loro risorsa economica e intellettuale nel processo di creazione dei prodotti. Valdama appartiene alla seconda categoria di imprese: quelle che concentrano nei pensieri e nei prodotti l'ideale della qualità assoluta, realizzando così obiettivi che non sono mai scontati né tantomeno il frutto del caso. Tuttavia, raccontare Valdama è semplice come la poesia che ispira i suoi prodotti. La cultura aziendale che innerva e sostanzia ogni scelta e ogni progetto ha quale riferimento fondamentale la ricerca della qualità. Qualità artigiana dell'autentico Made in Italy, dalle materie prime alle maestranze che le lavorano, una scelta di posizionamento che consente a questa azienda di tirarsi fuori dalla mischia di un mercato troppo spesso avvilito da prodotti standardizzati sino alla banalizzazione. Semplicità che, inutile ricordarlo, non è affatto facile conquistare.

Daniele Vitali,
Founder and CEO

A heart full
of history for
a future of values.

Some businesses do not require lengthy presentations: a privilege shared by the large multinational companies and craft-oriented companies. The former invest colossal amounts of money to achieve global fame, while the latter concentrate all their resources in the economic and intellectual process for creating products. Valdama belongs to the second category: it focuses on ideas and products seeing them as the ideal of absolute quality, thus achieving goals that are never facile nor accidental. This is true since the company's philosophy is just as simple as the poetry that inspires its products. The search for utmost quality is the fil rouge that runs through every choice and project made by Valdama. Quality craftsmanship typical of the authentic Made in Italy, from selected raw materials to the skilled hands that work them: this is the choice that Valdama has made to stand out in a market often devalued and flattened by often overstandardized products. As everyone knows, simplicity is not that easy to achieve.

Occhio [new]

Segno puro e assoluto,
potente forma simbolica
su cui si posa il nostro
sguardo e che, a sua
volta, ci guarda

Pure and absolute sign,
powerful symbolic form
on which our gaze rests
and that in turn look
at us

Occhio è la nuova collezione Valdama, frutto della sua continua ricerca di segni, forme e volumi emblematici per oggetti d'uso dal respiro più aulico, capaci di diventare "piccoli capolavori di qualità e di armonia", secondo la filosofia dell'azienda e di Prospero Rasulo, suo art director.

Il segno della nuova collezione è quello dell'occhio: potente forma simbolica di antica tradizione, l'occhio appartiene al mondo della trascendenza e della spiritualità. È per tutte le culture lo 'specchio dell'anima', lo strumento per guardare nel profondo e vedere oltre le apparenze. È dagli occhi, dall'incontro di sguardi che nasce l'attrazione, il colpo di fulmine. Segno puro e assoluto, dà forma a oggetti empatici su cui si posa il nostro sguardo, ma che, a loro volta, ci guardano.

La forma del bacino dei lavabi Occhio è attraente e di forte identità. Al contempo domestica e familiare, si inserisce con naturale spontaneità negli ambienti. La collezione Occhio Valdama comprende: il lavabo di appoggio in diverse dimensioni; la versione a parete; la colonna freestanding con il lavabo in due 'segni' speciali: il disco e l'occhio allungato.

Occhio is the new Valdama collection, the result of its continuous search for emblematic signs, shapes and volumes for everyday objects with a more stately breath, capable of becoming "small masterpieces of quality and harmony", according to the philosophy of the company and Prospero Rasulo, its art director.

The sign of the new collection is that of the eye: a powerful symbolic form of ancient tradition, the eye belongs to the world of transcendence and spirituality. It is the 'mirror of the soul' for all cultures, the tool to look deeply and see beyond appearances. It is from the eyes, from the meeting of glances that the attraction, the love at first sight, is born. Pure and absolute sign, it gives shape to empathic objects on which our gaze rests, that which in turn look at us. The shape of the Occhio basin is attractive and with a strong identity. At the same time domestic and familiar, it fits with natural spontaneity into the environments. The Occhio Valdama collection includes: the countertop washbasin in different sizes; the wall version; the freestanding column with the washbasin in two special 'signs': the disc and the elongated eye.

Two-tone washbasin

art form

“Gli oggetti devono essere dei piccoli capolavori di qualità e armonia”. È questa l’aspirazione che caratterizza il percorso di ricerca sviluppato in questi anni dall’art director di Valdama Prospero Rasulo e che si realizza nuovamente nella nuova collezione: Acquerello è un lavabo bicolore e l’introduzione di questo sofisticato gioco cromatico è l’aspetto più sorprendente. Il progetto Acquerello è declinato su un nuovo lavabo dalle curve morbide modellate dalla luce che non crea mai ombre nette, ma scorre sulle superfici in modo fluido e naturale. Acquerello interagisce con gli altri elementi dell’ambiente e con l’architettura, in un’armonia di forme e colori come nella composizione di un dipinto.

“Items must become small masterpieces of quality and harmony” as it is shown by Valdama’s path over the years, thanks to Prospero Rasulo’s art direction. This research on shapes and materials is reflected also in the new collection: Acquerello is a two-tone washbasin and this classy colour effect is the most astounding aspect. Acquerello project revolves around a new sink with soft lines, shaped by the light, that never creates hard shadows but rather slides over the surfaces in a fluid and natural way. Acquerello interacts with the other elements in the room, in an harmonious combination of shapes and colours, just like in a painting.

Pod

Pod è un lavabo da appoggio, dalle forme organiche ispirate alla natura

Pod is a countertop washbasin characterized by organic forms inspired by nature

Pod è un guscio che diventa alveo per accogliere l'acqua, un elemento agile, indipendente e versatile, a cui si possono affidare grandi aspettative di comfort e benessere.

Un progetto sofisticato che sviluppa curve diverse e dà origine a quattro forme che si sintetizzano nelle geometrie più legate alla nostra memoria: il cerchio, il quadrato, il rettangolo, l'ovale. La gamma dimensionale offre ampia libertà di scelta per soddisfare tutte le esigenze estetiche e funzionali.

Pod is a shell designed to receive water - an agile, independent and versatile element - while reflecting the comfort and wellness of this element. A sophisticated project, developing different curves which give origin to four shapes that can be reduced to simple geometry: circle, square, rectangle, oval. The wide range of sizes meets all aesthetical and functional needs.

Come rivela il nome, Cut è un lavabo che nasce dall'idea della riduzione, dell'alleggerimento dei volumi e degli spessori, del taglio. Composto da un ritmico alternarsi di volumi, Cut è un lavabo scultoreo costituito dalla giustapposizione di due forme finite e complementari: l'incavo del bacino e il piano d'appoggio rialzato. I due elementi, contenuti in una doppia cornice ideale, si fondono per dare vita a un lavabo la cui vocazione è quella di diventare protagonista della stanza da bagno.

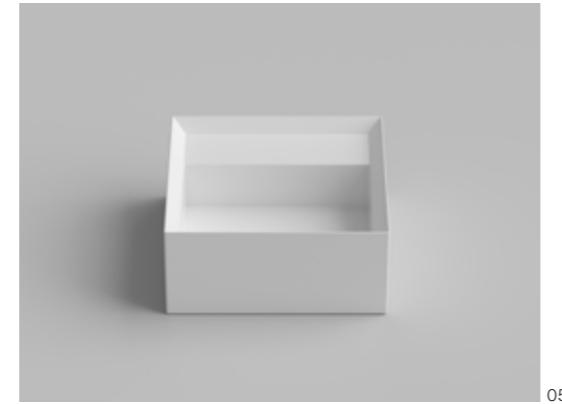

Cut, as the name itself reveals, is a washbasin founded on the idea of reduction, of honing lighter volumes and thicknesses, of cutting. With a composition based on the rhythmic alternation of volumes, Cut is a sculptural washbasin constituted by the juxtaposition of two complete and complementary forms: the hollow of the basin and the raised countertop. The two elements, contained within an ideal double frame, merge to create a washbasin that aspires to become the protagonist of the bathroom.

L'idea del contenere e dare forma a ciò che per natura è mutevole e incostante, come l'acqua, rappresenta l'ispirazione generatrice della forma di Track.

Track, come evoca il nome, traccia dei confini delineando una geometria semplice e assoluta, uno spazio quasi astratto che accoglie al suo interno la matericità morbida della ceramica. In un gioco di fini contrasti materici, Track interpreta l'idea della cornice, di uno spazio misurato da un ordine rigoroso. Così concepito il lavabo assume l'autonomia propria di un oggetto artistico.

The idea of containing and giving form to something that is changeable and fluctuating by nature, like water, was the inspiration that generated the form of Track.

Track, by its very name, traces edges that delineate a simple and absolute geometry, a space of abstraction that harbours within it the soft material quality of ceramic. In a play of sophisticated material contrasts, Track interprets the concept of frame, in a space delineated by rigorous order. Thus conceived, the washbasin achieves the independence of an objet d'art.

Seed è un segno

Seed is a sign
of armony

La collezione Seed, disegnata da Prospero Rasulo, nasce dall'idea di un seme che nutrita genera armonia. Seed come culla di vita, di bellezza, di ornamento. Seme che si nutre di acqua per dare origine a una nuova specie. Un involucro che al tempo stesso racchiude una vita e garantisce la sua crescita.

Seed collection, designed by Prospero Rasulo, was born from the idea of a seed that generates a form if fed. Seed is like a cradle of life, beauty and ornament. Seed feeds of water to give life to a new species. A casing which contains life and guarantees growth at the same time.

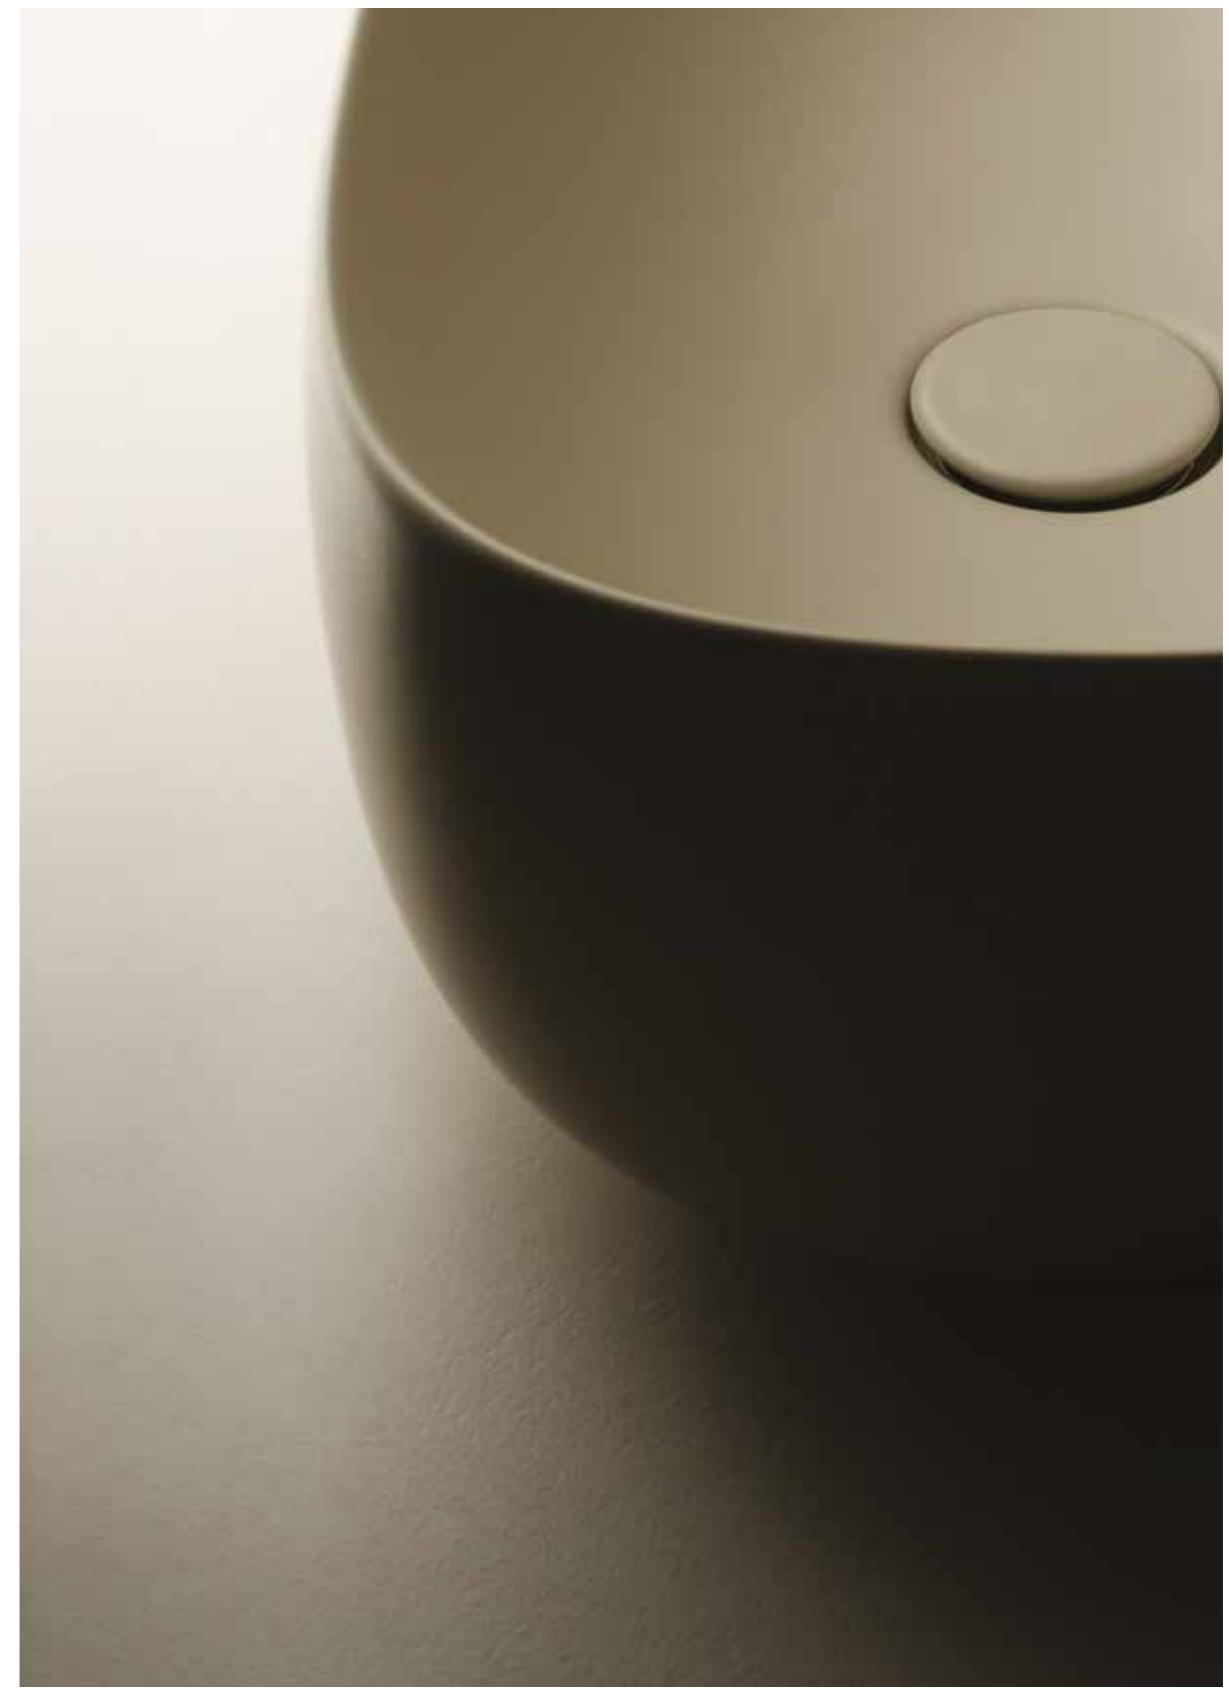

Sanitari Seed [new]

I sanitari della collezione Seed si rinnovano con l'introduzione del **sistema Rimless Valdama** che rafforza l'estetica del prodotto aumentandone le prestazioni funzionali, l'igiene e la facilità di pulizia. L'acqua viene incanalata all'interno del vaso in un flusso che segue un percorso prestabilito e consente di avere un risciacquo integrale e silenzioso.

The toilet of Seed collection is renewed with the introduction of the **Valdama Rimless system** which strengthens the aesthetics of the product by increasing its functional performance, hygiene and ease of cleaning. The water is channeled inside the toilet in a flow that follows a preset path and allows an integral and silent rinse.

Appoggio / Countertop
45 x 45 x h18 cm

La collezione Top è modellata fino a elevarsi fortemente rispetto al piano di appoggio, quasi per incanto le linee morbide dei lavabi "Top" acquistano rilievo e hanno l'eleganza e la leggerezza di oggetti scultorei plasmati nella materia. La percezione visiva è, dunque, quella di estrema lievità, quasi i volumi fossero sospesi nell'aria, un punto di vista che consente di apprezzare sia l'armonia del segno che la capienza del bacino. La collezione è firmata da Prospero Rasulo, che qui riafferma la sua vocazione e formazione artistica. TOP è composta da tre modelli formali -quadrato, ovale, rettangolare- di diversa altezza e volume.

The Top collection is modeled to rise strongly on the countertop, almost by magic. The soft lines of the "Top" washbasins acquire prominence and have the elegance and lightness of sculptural objects molded into the material.

The visual perception is, therefore, that of extreme lightness, as if the volumes were suspended in the air, a point of view that allows you to appreciate both the harmony of the sign and the capacity of the basin. The collection is signed by Prospero Rasulo, who here is reaffirming his vocation and artistic training. TOP is made up of three formal models - square, oval, rectangular - of different height and volume.

A technical drawing of a rectangular component. The top horizontal dimension is labeled 600. The top vertical dimension is labeled 380. The side vertical dimension is labeled 320. The left side vertical dimension is labeled 200. The bottom vertical dimension is labeled 280. The bottom horizontal dimension is labeled 300. Two circular features are shown on the right side, each with a diameter of 100.

A technical drawing of a rectangular vessel. The vessel has a flange on the right side with a handle. Dimension lines indicate the following measurements: height 400, width 500, depth 320, and a gap of 200 between the vessel's bottom edge and the flange's bottom edge. A central vertical line also indicates a height of 155 from the bottom to the top of the vessel.

A technical drawing of a rectangular component. The total height is 750, and the top width is 670. The bottom part has a width of 375. On the left side, there is a vertical section with a height of 400 and a horizontal projection of 320. The overall shape is a rectangle with a cutout on the right side.

A technical drawing of a rectangular component. The total width is 750. A horizontal slot at the top is 450 wide. The left side has a vertical dimension of 400, with a smaller vertical slot of 320. The bottom horizontal dimension is 265. A central feature is a square with rounded corners and a small circle in the center.

A technical drawing of a U-shaped metal component. The vertical height is labeled as 140. The width of the opening is labeled as 0.45.

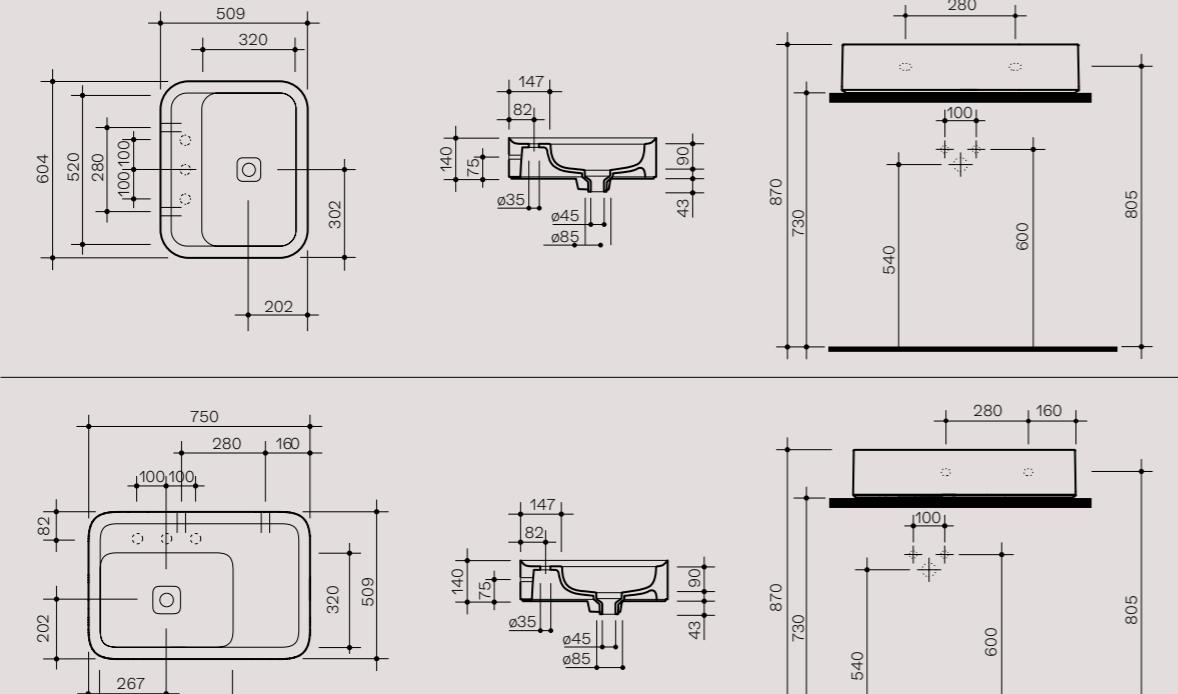

The technical drawing shows a rectangular component with a total height of 870 and a total width of 380. A central horizontal slot has a width of 540 and a depth of 600. The thickness of the main body is 100. The drawing uses dimension lines and cross-hatching to indicate the sizes and features of the part.

A technical drawing showing a rectangular frame structure. The total height is 870, divided into 730 on the left and 140 on the right. The total width is 600, divided into 540 on the left and 60 on the right. A top horizontal bar has a length of 155 and a thickness of 100. Internal vertical bars are located at heights of 140 and 280 from the bottom.

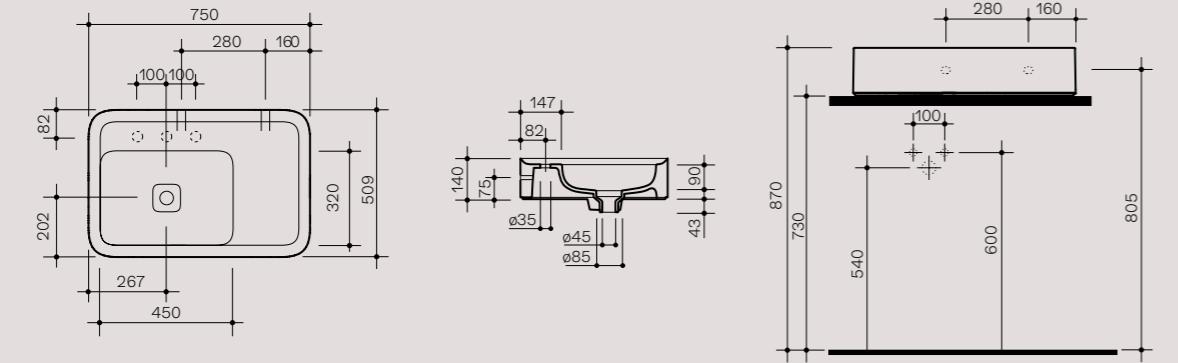

A technical drawing showing a large rectangle with a width of 870 and a height of 600. A smaller rectangle is centered within it, with a width of 540 and a height of 100. The center of the inner rectangle is located at a horizontal distance of 315 from the left edge of the outer rectangle and a vertical distance of 250 from the bottom edge.

A technical drawing of a rectangular component. The total height is 870, divided into 730 and 140. The total width is 600, divided into 540 and 60. A central horizontal slot is 100 units wide.

CONDIZIONI GENERALI DI VENDITA

DISPOSIZIONI GENERALI Alle vendite di Valdama srl si applicano le condizioni di vendita sotto riportate che con il suo ordine il Committente si impegna ad accettare. Qualsiasi deroga dalle condizioni generali d'acquisto può avvenire soltanto con il consenso scritto di Valdama srl.

CONSEGNE La spedizione della merce s'intende franco fabbrica; il termine di consegna convenuto si basa sulla situazione di magazzino al momento dell'ordine; la merce viaggia a rischio dell'acquirente e Valdama srl non risponde dei danni o dello smarrimento della merce. Al momento della consegna e prima dell'accettazione il destinatario è tenuto a verificare la merce onde verificare eventuali danni che devono essere segnalati al trasportatore e di conseguenza all'Azienda. Valdama srl non si assume nessuna responsabilità in caso di ritardi nella spedizione e/o nella consegna della merce. Ogni reclamo dovrà essere presentato presso Valdama srl entro otto giorni dal ricevimento della merce. Non verranno accettate richieste per danni e/o interessi di mora per ritardi di consegna.

PESI E DIMENSIONI I pesi e le dimensioni degli articoli in ceramica sono sottoposti a leggere variazioni e devono intendersi approssimativi; le quote di cantiere, riportate nel catalogo o nei dépliant, possono presentare lievi differenze dovute alle tolleranze di fabbricazione degli articoli ceramici.

GARANZIA Valdama srl garantisce la qualità del prodotto e si impegna a sostituire eventuali pezzi difettosi entro due anni dalla consegna; qualsiasi difetto deve comunque essere segnalato prima dell'installazione. La garanzia Valdama consiste nella sola sostituzione della merce fornita, senza aggravio di costi aggiuntivi derivanti dalla messa in opera. La merce difettosa deve essere conservata per essere esaminata da parte del personale Valdama che disporrà della sostituzione degli articoli contestati o concederà una riduzione di prezzo.

FORO COMPETENTE Sede competente per ogni controversia è il Foro di Viterbo.

I prezzi si intendono al netto di qualsiasi tipo di tassa o dazio.

Materiale reso franco fabbrica.

Pesi e misure sono da considerarsi indicativi, per schede tecniche di installazione e dime di scasso rivolgersi direttamente all'azienda o sul sito www.valdama.it

Questo listino annulla e sostituisce i precedenti.

Allo scopo di migliorare la propria produzione Valdama srl si riserva la possibilità di variarne in ogni momento e senza preavviso le caratteristiche tecniche, di funzionamento e formali.

GENERAL CONDITIONS OF SALE

GENERAL RULES All sales and services provided by Valdama srl are subject to the following terms and conditions that the Client accepts. These terms and conditions may be modified only by written agreement of Valdama srl.

DELIVERY The mode of transport is EXW; ETD is based on warehouse situation when the order is received. The transport of goods is on Customers responsibility, Valdama srl cannot accept any responsibility for damages or miscarriage of the goods. At the time of reception and before the acceptance, the buyer has to check the goods in order to verify any transport damages that have to be reported to the Carrier and then to the Company. Valdama srl does not have any responsibility for delays in shipping and/or in delivery. Any claim must be submitted to Valdama srl within eight days from the reception of material. Valdama srl will not accept any request for damaged goods and/or overcharges for delays in delivery.

WEIGHT AND SIZES Weight and sizes of ceramic items can be subject to little variations and therefore must be intended as approximate; the technical drawings with dimensions, included in our catalogues and leaflets, can be subject to small differences due to the tolerance that ceramic items can have.

WARRANTY Valdama srl guarantees the quality of the items and is committed to replace the defective items within two years from the day of reception of material; any defect has always to be declared before the installation. Valdama's warranty consists in the replacing of goods, without incidental expenses due to the installation. Each defective item has to be stored in order to be examined from Valdama' staff that will decide about replacing of claimed items or about discounting the price.

The court of justice in charge of any dispute is the Court of Viterbo.

The prices are VAT and tax excluded Delivery terms on EXW.

Weights and sizes are to be considered as indicative. For technical and installation sheets, and DWG refer directly to Valdama srl or visit www.valdama.it

This price list cancels and substitutes the previous ones.

In order to continue to improve its products, Valdama reserves the right to alter without any prior warning the technical, formal and functional features.
